

180 MAZES

BEGINNER TO EXTREME

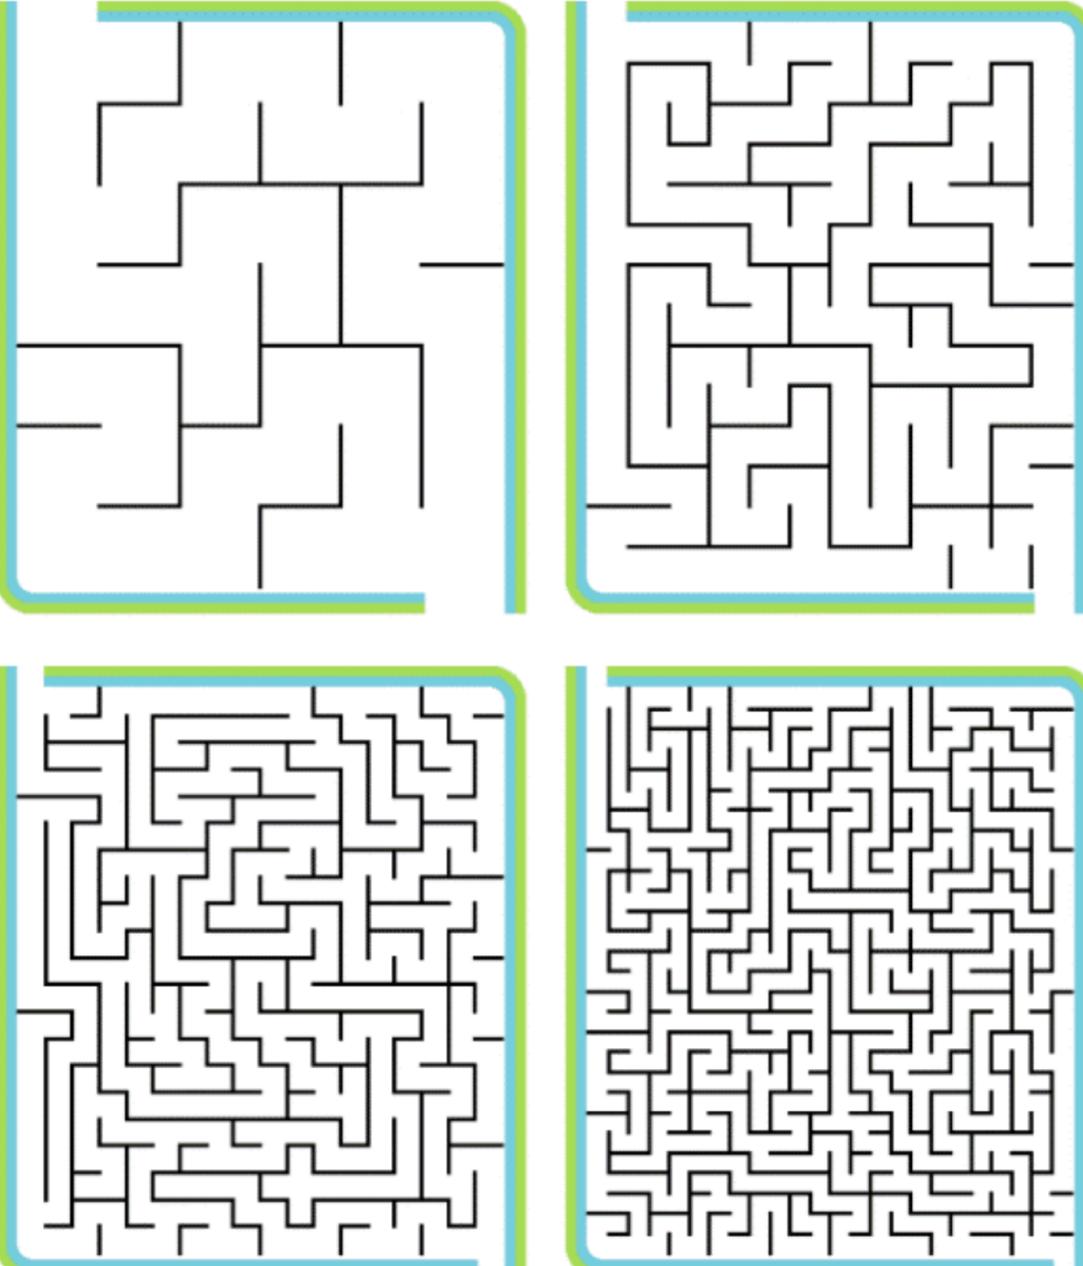

COMPUTER GENERATED MAZES

Mazes are great for teaching kids problem solving skills. They need to plan ahead, come up with different strategies, and keep different paths in their head. As a bonus, mazes are also great hand-eye coordination and handwriting practice!

Use these during downtime or as an exercise in perseverance as the mazes get harder and harder

Unlimited Mazes

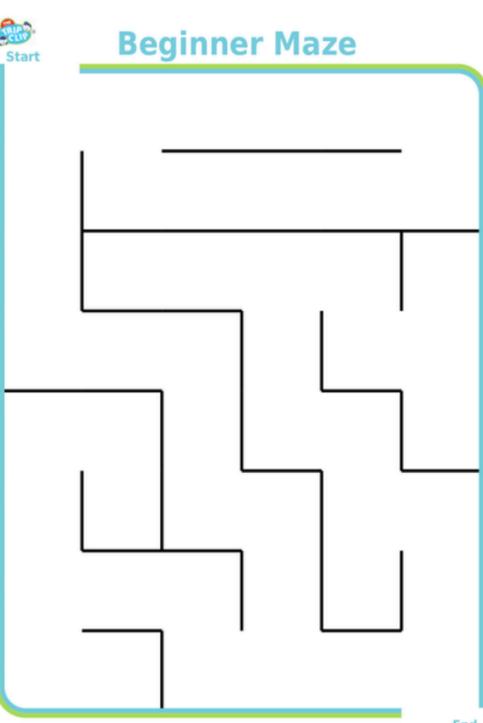

Beginner to Expert

WHAT'S INCLUDED

180 mazes at 6 difficulty levels, 30 of each, mazes print 2 per page

Beginner Maze

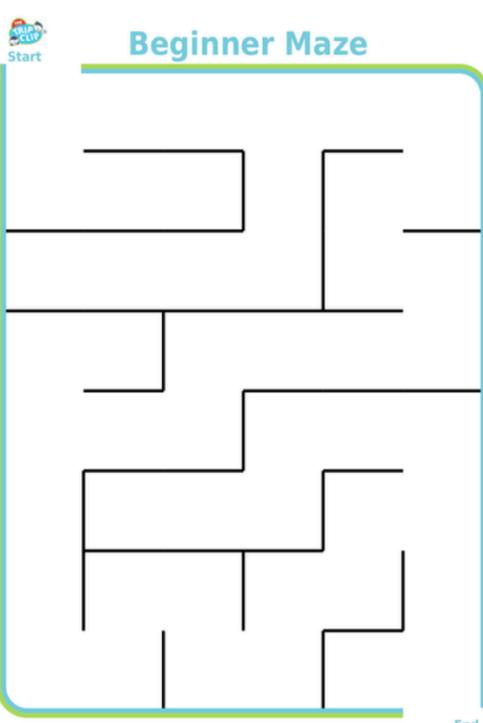

Start

End

Copyright 2009-2020 TheTripClip.com All rights reserved

This maze is the simplest in the set, featuring a single path from the 'Start' point at the top left to the 'End' point at the bottom right. The path is a simple zig-zag pattern with a few dead ends.

Beginner Maze
